Ferries - (South Kanara) - Canals and Ferries Act, 1890 - Rules under Section 7-A - Notification - Proposals.

Board's Refce.No.A-1047-H-42-1-S, dated 10-7-1942.

*****

With regard to the two ferries viz. ferry (a) and ferry (b) shown in the sketch relating to Perumbude ferry in the ----- Nittade village of Karkal Taluk, there are really two different ferries. But one boat would be sufficient to convey passengers at both these ferries. In view of the fact that the rules ---- framed under G.O.No.2533 (P.W.D.), dated 21-10-1941 is to secure safety of the passengers conveyed at these ferries and to ----- licence the private ferry renters, I am of opinion that the ---- omission to mark the ferry limits in some of the sketches is --- not material.

2. The sketches received with your above references are ---- submitted herewith.

The Board finds tha there is no uniformity

the description of the several ferries mentioned in the Collector's letter, e.g. in Puttur Tk. the banks and their limits are not given. What is necessary is to give a lucid description, say, of North Bank - E. & W. limits and South Bank - E. & W. limits etc with reference to a survey field or other permanent and easily identifiable mark on either bank, e.g. Tope debabi or other

The Collr. is requested to revise his proposals & to submit wherever the above particulars are not clearly given & to furnish them

Ferries - (S. Kanara) - Canals and Public Ferries Act, 1870 - Rules under sec. 7 A - Notification - Proposals.

K. 1047/42 [From the Collr. of S. Kanara D.O. 473-42 & 24.6.42]

To A.S. (L.R.)

The file contains proposals for notifying certain private ferries in the talukas of Karkal, Udipi, Mangalore and Puttur of S. Kanara Dt. under Sec. 7A of the Canals and Public Ferries Act and the rules framed thereunder. As the 'private nature' of the ferries is not altered, there is no need to define the limits or enclose sketches as in the case of "public" ferries notified under Secs. 8 and 10 of the Act. [Proposals received recently from the Collrs. under sec. 7A have been submitted without sketches.] The entries in Col. 3 of the notification and the sketches are not necessary. The Bd. may recommend the proposals to Govt.

B 2.7.42 KK 3.7.42 374 47/42

Letter marked at p. 1. (X) two ferries are marked. Another really two or 4 [illegible] marking in correct. Ferry limits are marked

in some sketches ~~—~~ but not marked in some others. Is not the omission material?

To A.C. (QR.)

Please see Jt. Secretary's queries above.

(1) Apparently the boat is plying in both the places shown as ferry (a) & ferry (b) in the sketch ~~at~~ p. 1 of (X), though the ferry is only one, named 'Perumbode ferry'. (2) The omission to show the ferry limits in some sketches is not material. This file relates only to private ferries to be notified under section 7-A. With reference to this section any ferry not being a public ferry shall be notified to be subject to rules made for the purpose of securing the safety of passengers conveyed ~~across~~ the ferry. Neither a description of the ferry limits as in col. (3) of the schedule nor a sketch is necessary in the case of these private ferries. Certain notifications under § 7-A received from Collrs. recently have been submitted to the Govt without sketches or description of ferry limits.
